Kajaria
ETERNITY
tiles forever

FROM EXTENSIVE
RESEARCH AND
INNOVATIVE DESIGN,
PURITY IS BORN

Quality, impact, and aesthetics are not spontaneous,
but the result of advanced technology, in-depth research
and leading innovation.

Quality. Beyond question.

We're driven by quality, and go the distance to ensure that Eternity Tiles meet the toughest global standards, every step of the way. The process begins with importing the finest available Glaze and Ink from Spain and Italy. Next, we employ the most sophisticated GVT production technology in the field. The Press, Kiln and Machinery are brought in from Sacmi, Italy; the Digital Printing Machine comes from Creta Print, Spain, and the Nano-Polishing Machine from Keda. Our in-house R&D facility and testing laboratory, equipped with cutting-edge technology and some of the brightest minds.

The advantage of scale.

Good things don't always come in small packages. Eternity is the largest producer of Glazed Vitrified Tiles (GVTs) in the country with a capacity of 14 million sq. m. per annum. Our tiles are manufactured in world-class facilities at Gailpur in Rajasthan, and Sikandarabad in UP. Eternity Tiles are available in 600+ designs, with SKU options of 16 different sizes. Making our range of GVTs the widest in the country.

Worn Worldwide.

Given the aesthetic appeal, and outstanding quality, it is no surprise that premium buyers in more than twenty countries across Europe, the USA, Asia Pacific and the Middle East, opt for Eternity Tiles when they seek to create lasting beauty in their homes, offices, and public spaces.

You are as likely to find our tiles in an apartment in Manhattan, as in a Spanish hacienda, or an English country manor. Not to mention in Canada, Australia, Belgium, Holland, and Singapore.

Awards and accolades
